Frankfurt, 20 May 2010 – Gilles Dubois, Avocat / Rechtsanwalt and Partner at Marcuss Partners, the law firm of Mazars, has been appointed by Hervé Novelli, the French State Secretary for commerce and medium-sized businesses, as advisor with respect to Franco-German relations.

Gilles Dubois has already drafted a report on key success factors for the financing of the German med-cap companies in connection with the French draft bill on medium-sized businesses.

His new assignment will lead Gilles Dubois to give his undivided attention to German "Mittelstand" and French "PME" companies. His focus will be on the access of French companies to the German market and, vice versa, on German businesses to the French market.
